

Impressive HDTV wide-screen home entertainment

Enjoy more detail, more colour and more depth with the new ViewSonic N2600w 26" high-definition LCD TV. This native 16:9 wide-screen display combines a stylish, thin design with the latest video processing electronics for unforgettable entertainment encounters. Ultra-fast response times ensure crisp, vivid images no matter if watching thrilling videos or playing high-speed games. Full digital performance is assured thanks to the HDMI (HDCP compliant) input which provides both high compatibility and the best uncompressed connection for optimal screen depictions. With the picture-in-picture (PIP) and picture-by-picture (PBP) function, the N2600w also lets you watch a movie while surfing the internet or track a second video source. SRS virtual surround technology and two powerful stereo speakers complete your entertainment experience. This stylish LCD TV is your perfect choice for watching thrilling home TV.

N2600w

**26" WIDE-SCREEN HD-READY
HIGH DEFINITION LCD TV**

MAXIMUM ENJOYMENT, PERFECT BRILLIANCE

- > **UltraBrite™ technology brings images to life**
UltraBrite technology, fast video response time and ClearPicture™ electronics bring television, DVD, video and gaming to life with bright, saturated colours.
- > **Advanced image processing**
Integrated motion adaptive progressive scan, 3D comb filter and 3:2 pull down give you a larger, clearer picture with fewer artefacts. Low level contrast enhancement brings clarity to darker images.
- > **OptiSync® technology featuring HDMI**
Add versatility to your LCD TV with support for HDMI with high-bandwidth digital content protection (HDCP) plus Component, S-video, Composite and PC connectivity.
- > **Plug-and-play connections ensure optimum viewing**
This HDTV display provides the ultimate viewing experience with plug-and-play, high-end connectivity for HD set top boxes, DVDs, game consoles and camcorders.
- > **Watch TV while viewing data from your computer**
Increase your efficiency and productivity with the PIP (video-over-data) window. Watch TV while surfing the Internet or checking e-mails, for example. Then, easily switch to full screen viewing of computer applications or video.
- > **Powerful high-fidelity surround audio**
Integrated 10 watt virtual surround sound system. Stereo connections also allow you to send stereo audio to your sound system. Detachable speakers give you more installation flexibility.
