

ViewSonic® VA702 LCD Monitor

17" A SERIES LCD DISPLAY

Attractive Styling in a Super-slim LCD.

The ViewSonic VA702 LCD display not only brings images to life with vivid colour and outstanding realism. Its stylish design is also sure to catch your eye. The fold-up base makes wall mounting a breeze, letting you reclaim long-lost desk space. Delivering ViewSonic's renowned image quality, the VA702 enhances your viewing comfort with high brightness and progressive styling. Get the LCD display with perfect looks - the ViewSonic VA702!

Fun, Style and Comfort

... UltraBrite™ technology

UltraBrite™ technology enables optimised viewing of video and graphics applications. Games, TV and DVDs come alive with rich, saturated colour and vivid contrast. Precise definition and photo-realistic image quality boost 3-D video and professional graphics.

... Full 17.0" viewable screen

... 1280 x 1024 optimum resolution

... OSD/power lock function

When activated, the user-controlled OSD/power lock function prevents changes to monitor settings, maintaining an optimised image.

... Fold up 90° base for wall mounting

The compact base folds up 90° for VESA-compliant wall mounting, making conversion between desktop and wall mount applications easy.

... OnView controls including ViewMatch technology

Screen adjustments are made via an on-screen menu using simple controls. This user-friendly control system allows easy adjustments of image quality, size, position and geometry for optimal viewing.

... AutoTune™ function

Provides the best image by monitoring signals from the computer and automatically optimising the monitor settings.

... ViewSonic Wizard

User-friendly Wizard software automates the setup process to deliver optimized screen performance.

... TCO'03 and Energy certified

This LCD display complies with one of the world's strictest standards for low emissions, safety, ergonomics, recycling and power management while saving costs through automatic power saving modes.

... 300cd/m² brightness (typ.) and 500:1 contrast ratio (typ.) for rich, detailed images.

... sRGB colour management

For a closer match of image display to print outs.

... PC and Mac® compatible
